"Before I joined the course I was nervous and angry, that soon changed as the atmosphere was great and everyone was polite"

Jamie

Jamie found out about the Advance Programme whilst at Middlesbrough East Job Centre Plus. He wasn't sure what area of work he most suited, but liked the sound of the Painting & Decorating pathway because it was practical.

Jamie was so apprehensive about coming on the course he was escorted by an advocate on his first day, but by the afternoon he felt comfortable enough to finish the days activities independently. Each day he grew in confidence, particularly enjoying the team challenges and learning new skills through the work experience hours.

He expressed an interest in becoming a Pathway Mentor volunteer (after being inspired by those alongside his own learning journey) but on his final week of the programme, Jamie applied for and secured employment as a Recycling Operative, his first ever job.

Three13 provides a four week opportunity for people 16-29 years to gain accredited qualifications through work experience in an area of their choice, combined with skills for employment.

Our Advance Programme includes: NOCN Level 1 Award | Team building | CV skills | Careers Information, Advice & Guidance | Health & Safety | Confidence building | 1:1 Mentoring | Employer expectations
